

Christian Healing Ministries

"Taking God's Message of Healing to the World..."

www.christianhealingmin.org

Christian Healing Ministries seeks to advance our Lord's ministry of healing through prayer. CHM is dedicated to praying with those in need of healing in the physical, emotional and spiritual areas of their lives and to teaching others about this often overlooked aspect of Christ's ministry.

A goal of CHM is to further the integration of Jesus' ministry of prayer for healing with the traditional medical and psychological approaches to healing. CHM also conducts special seminars for physicians and other medical professionals to enhance their understanding about the healing power of Christian prayer.
