

## Theophostic Prayer Ministries

Theophostic Prayer Ministry recognizes that behavior is greatly influenced by the knowledge stored in the mind. Therefore, in order to act differently, we must be "renewed in our minds" (Romans 12:2) This renewal should not only be the cognitive passing of information from counselor/minister to the one receiving ministry but include experiential "knowing" through prayer that comes by the presence of Christ. Only the Spirit of the Living Lord Jesus can set us free of the lies we experientially believe as we take our requests for truth to Him in prayer.
