

Inspirational Quote January 2006 –

From the point of view of a Christian spirituality,
It is important to stress that every human being is called upon to be a healer.
Although there are many professions asking for special long and arduous training,
We can never leave the task of healing to the specialist....
We all are healers who can reach out to offer health,
And we all are patients in constant need of help.

-- Henri J.M. Nouwen
