in the St. Kateri Room*

\$45.00 per person  
Continental Breakfast  
Light refreshments/Bring your own lunch

RSVP by February 25  
Bernadette: 310-991-2256

This retreat invites participants to reflect on the central role of the Holy Spirit operating in one's own personal life and in the heart and mission of the Church. Jesus reassures his people: *"I will not leave you orphaned; I will come to you"* (John 14:18).

Echoing the first Pentecost, the people of God are called to open their hearts and to "stir into flame" a new life in the Holy Spirit. Pope St. Paul II reminds us, *"What took place in Jerusalem two thousand years ago is renewed in some way in every generation."* (30 May 1998, St. Peter's Square). Christ's mission continues to reshape history by empowering God's people so that one may affectively live the Gospel message to offer hope and restoration for the world.

On this day of renewal, four inspirational talks will be offered focusing on the sanctifying fruits and charismatic gifts of the Holy Spirit. The day will be led by praise and worship concluding with healing prayer and Baptism in the Holy Spirit.

**Bob Canton**-received the Baptism of the Holy Spirit in 1984 and was anointed with a worldwide healing ministry to preach, teach, and evangelize God's people at regional, national and international conferences, retreats and healing rallies. As a valued member and speaker of ACTheals, he also holds many positions of leadership in various charismatic organizations. Since 2006, Bob has been elected as a Council Member of the Vatican-based International Catholic Charismatic Renewal Services (ICCRS) serving as one of their advisors. Bob is the author of four books each of which provide solid teachings on how to live a Spirit-centered life led by the charisms.

*Morning breaks where night once stayed,  
New mercies rising with the light.  
What once was weary  
Is touched again by God's own breath  
And silence gives way to song.  
-unknown*

*ACTheals is a Christ-centered association of healthcare professionals, religious, and associates who seek to integrate healing prayer in their professions, ministries and personal lives. ACTheals.org*
