ACTheals

ADVANCING
CHRIST-CENTERED
HEALTHCARE
ONE HEALER AT A TIME

"In [Jesus'] name he stands before you healed"
Acts 4:8-10

THE STORY

ACTheals is a strong, multid denominational community with Christian healing roots that invites and encourages members of all Christian denominations to join in this our mission.

In 1975, a group of healthcare professionals gathered to seek the Lord through prayer, scripture and Eucharistic worship. They discerned a call to dedicate their lives and disciplines to God and to establish a fellowship of men and women in the physical, mental, and spiritual healthcare disciplines. To seek health and healing for themselves, their clients and others.

The result was the formation of ACTheals, formerly known as the Association of Christian Therapists. The name was changed in 2014 to include occupations beyond therapists, such as physicians, nurses, religious and clergy, allied professions and prayer ministers.

Members are committed to Jesus Christ and open to integrating His healing ministry and the gifts of the Holy Spirit into their lives and work.

ACTheals invites individuals, couples, religious clergy and prayer ministers worldwide to know and make known the healing love of Jesus.

OUR GOALS

SUPPORT

To create environments in which health care professionals, religious and clergy and prayer ministers can grow spiritually; experience physical, mental, relational, and spiritual healing; and establish mutually and spiritually supportive relationships with other healthcare professionals, religious and clergy, and prayer ministers.

EMPOWER

To provide education and training in traditional and contemporary Christ-centered healing practices and in releasing the gifts of the Holy Spirit; and to encourage and facilitate the ongoing development of leading edge Christian healing interventions.

WITNESS

To train and equip members in outreach and evangelization; To liaise, network, and collaborate with individuals, couples, religious and clergy and organizations with similar and complimentary visions, missions and goals; To initiate, encourage and support scientific research dedicated to testing and demonstrating the holistic benefits of Christ-centered healing methods and techniques; and To creatively impact the field of integrative medicine with Christian spirituality.
